TAMIL NADU USING EXCESS WATER

Bangalore, July 26

Sri Devaraj Urs, President of the Pradesh New Congress, yesterday charged Tamil Nadu with the violation of the 1924 agreement on the Cauvery waters by utilising more than its share visualised under the agreement.

Sri Urs said that since Tamil Nadu was getting excess water from K. R. Sagar, Mysore was demanding that the rules of regulation of water at K. R. Sagar under the agreement should be removed so that Tamil Nadu did not get any excess water.

He said a meeting of the Mysore MPs had been convened by the Union Irrigation Minister on Aug. 3 to discuss the problem.

CRICKET:

First Test Drawn

Rains after tea washed out a close finish of an exciting day's play, which had tilted the scale from India's side to England, yesterday, the fifth and final day of the First Test at Lord's.

India needed 38 runs to beat England with two second innings wickets at tea break. But against the attacking bowling of Illingworth and Gifford, this seemed to be a very difficult task.

England, 145 for 5 when play resumed yesterday, were all out for 191, leaving India to score 183 in 262 minutes.

After losing two early wickets of Mankad (5) and Wadekar (5), India made a bold challenge for victory as Farokh Engineer and Sunil Gavaskar put on 66 in 50 minutes for the third wicket.

India's first hundred came in 93 minutes. India's first ever victory against England at Lord's appeared to be an easy one. But when Engineer (35) was out, followed by Viswanath, who had scored 9, and Gavaskar (53), the remaining batsmen went reeling to the spin attack. At tea, Solkar, with 6 and Bedi, with 2, were at the crease.

2 Statute Bills Introduced

Amidst furore, walkout, two Constitution (Amendment) Bills, to overcome judicial impediments and to restore Parliament supreme powers over judiciary, were introduced in the Lok Sabha yesterday by Law Minister H. R. Gokhale.

The Constitution 24th Amendment Bill seeks to modify Articles 368 and 13 in such a way as to make it clear beyond doubt that Parliament will have the authority to amend any article of the Constitution.

The 25th Amendment Bill will omit any reference to compensation to be paid for acquired property. The amount to be paid may not be in the form of cash, it stipulates.

The first Bill nullifies the effect of the Supreme Court's judgment in the Golaknath Case and the second in the Bank Nationalisation Case.

The Jan Sangh members walked out of the House during the 75-minute emotion-packed debate. Sri Frank Anthony and Sri P K. Deo of Swatantra strongly opposed the introduction of the Bills.

The Lok Sabha is likely to discuss the Bills on Aug. 2. and 3.

Mysore, July 31

Dr Karan Singh, Minister for Civil Aviation, in a communication to Municipal Councillor M. K. Lingiah, has informed that at present the Indian Airlines had no proposal to start an air service to Mysore City.

In reply to Sri Lingiah urging for air link to Mysore, the Minister has pointed out that the airstrip near Mysore was suited only for Dakota planes. The Indian Airlines was replacing Dakotas with Avros and therefore no service could be started now.

Sri Lingiah strongly criticised the discriminatory attitude of the Centre. When places like Jodhpur, Raipur, Nasik in the North could be airlinked, it was difficult to understand how Mysore, which had an airstrip since 1944 and a prominent tourist centre, was being neglected.

When new airstrips could be constructed at places like Hubli and Hassan, he pointed out that it was not difficult to improve the airstrip in Mysore so as to land Avros. The service between Bangalore Coimbatore could be made to touch Mysore, he suggested.

The New Congress member criticised the Mysore MPs for lack of "influence" in geeting the demands of Mysore fulfilled. Such MPs were of no good, he remarked He wanted the Centre to airlink Mysore at least before Dasara.

DEMAND FOR DIRECT DIALLING

Sri B.C. Lingiah, leader of the Opposition, supporting Sri M. K. Lingiah, said that the city was losing its importance in one respect or the other. The demand for direct dialling between Mysore and Bangalore, a distance of only 86 miles, had been treated with indifference while direct dialling facilities were being provided to places between Mangalore Hubli and Hubli-Bangalore.

The Municipal administration was vehementaly criticised by Sri T. V. Srinivasa Rao. The Engineering Department was taking as much as 6 8 months to issue licences. The southern part of the city had been completely neglected, he said.

Dr. P.D. Krishnaswamy complained that the Employment Exchange Officer was showing "discrmination" in forwarding names for jobs.

New Congres leader B. N Kenge Gowda suggested installing a lift at the K R. Hospital surgical block.

Sri Vedantha Hemmige urged the Government to permit the Maharani's College to start additional classes in view of the heavy rush for admissions.

B-G Link Essential To City

Says Ex-Railway Minister

Mysore, Aug. 9

Broad gauge link to Mysore City for its industrial and economic development was essential and there should be no delay in its implementation, former Union Railway Minister C.M. Poonacha said here on Saturday.

Speaking at the Mysore Development Day, organised by the City District Old Congress Committee at the Town Hall, he said that if Mysore continued to have the Mysore Bangalore track in metre-gauge only, no industrialisation could take place here.

MysoreCity and District had all potentialities and facilities for industrialisation, he said. He wanted entrepreneurs to come forward to establish new ventures.

A big plant for the manufacture of refractory bricks, now being imported from abroad, could be set up here in view of the availability of rich superior chromite. Forest-based industries like paper and hardboard units also could be set up, he suggested.

Mysore should be made a prominent tourist centre and the Nehru Loka scheme should be implemented, Sri Poonacha said.

The former Minister criticised the five day week and said this was not suited to our country where development should take place at a faster pace.

Sri B. C. Lingiah, City Congress Committee President, who presided, said that Mysore City continued to be as it was 21 years ago without any economic or industrial development.

Although there were three Ministers from Mysore in the Centre and also in the State, they had done nothing for the growth of the city, he criticised.

He pointed that the expenditure on Dasara festivities had been increased this year by three times to Rs. 21 lakhs in the name of tourism development without any fruitful schemes.

Sri Lingiah alleged that though the State Tourism Development Corporation had come forward to run the two posh hotels, Krishnaraja Sagar and Metropole, its plea had been rejected extending the tender to a private party.

Earlier, City Congress Committee Secretary K. Viswanath welcomed the gathering. District Congress Committee President S K. Lakshminarasimhiah proposed a vote of thanks.

NEW LOOK TO DASARA EXHIBITION

Mysore, Aug. 11

A sum of Rs. 1.5 lakhs has been proposed to be spent by the Dasara Organising Committee to give a facelift to the Dasara Exhibition to be held for 45 days from Sept. 17.

The total amount proposed to be spent to organise the exhibition is Rs. 10,02,000, more than half the total amount proposed to be spent on the Dasara festivities in the city this year. Last year, Rs. 4 lakhs was spent for the Exhibition.

Explaining the details of the proposals, Divisional Commissioner M. Subramaniam said yesterday the new features in the Exhibition would be a modern restaurant and a ladies block to be constructed newly, improvement of the existing fountain, more decorations and illumination.

In order to give a new look to the Exhibition, the services of Mr.Sathyu, an artist and designer from Bombay, had been engaged.

Replying to several questions of Pressmen, the Divisional Commissioner said the designer had been engaged on the advice of the Government of India architect. The designer had made suggestions for improvements and accordingly they were being carried out.

When asked about the need to demolish certain pavilions and the expenditure of Rs.1.5lakhs for new buildings and improvements in view of the decision to shift the Exhibition, the Divisional Commissioner said the structures which were being pulled down were "temporary structures".

Although the Government had decided to shift the Exhibition, it was not known definitely when it would be shifted. Therefore, the expenditure was not a waste, he defended.

Asked about the remuneration and allowances to be paid to the artist, Sri Subramaniam said the sub committee headed by Sri I. P. Mallappa was incharge of it and he had no idea.

He added that all these decisions had been taken unanimously by the Organising Committee.

As part of the Exhibition, the arts section would be improved. The Central Lalitha Kala Academy would display works of great artistes. Three-fourths of the arts exhibition was reserved for artistes from Mysore, he said.

SATELLITE COMMUNICATION

A major break-through in India's overseas communication services has been achieved with the commissioning of the first earth station at Arvi near Poona. It became operational with the inauguration of India-Australia satellite link on February 26.

During the last six months, 30 channels have been commissioned and a number of telegraph, telephone and telex services previously operated on high frequency radio system, have been transferred to the satellite system.

Built at a cost of Rs. 8 crores, with a foreign exchange component of about Rs. 3 crores, the Arvi earth station is connected to the international exchange at Videsh Sanchar Bhavan, Bombay, by a micro wave rearward link. When the semi-automatic international telephone exchange at the Bhavan is completed early next year, an operator in Bombay will be able to dial directly subscribers in many foreign countries.

It is proposed to set up a second earth station in the northern region. It will provide additional capacity required for the estimated growth of traffic from 1974-75 onwards and will give important stand-by support to the Arvi station and vice versa. This earth station will be utilized by the Department of Atomic Energy for conducting experiments in operational television using the U.S. satellite.

A site near Dehru Dun has been approved. It will comprise a main station near Dehra Dun, a terminal building in

Save Yourself From Conjunctivitis

Conjunctivitis is a highly infectious eye disease, believed to be caused by a virus. It is the inflammation of the thin transparent sheet that covers the white of the eye and back of the lids.

The disease is not dangerous but delay in proper treatment may affect the eye sight.

Conjunctivitis starts quite suddenly and becomes severe within four to six hours after the appearance of its early symptoms. Usually it lasts for five to seven days.

This disease can affect anybody but children below five are more prone to the infection.

SYMPTOMS

The disease begins with irritation in one or both the eyes. The eye lids become swollen and red. There is thin mucus discharge from the eyes in the beginning, followed by thick white or yellowish white discharge that may collect in the eye. There is intoleration of light and inability to open the eye. If untreated, it can lead on to ulceration of the cornea and permanent corneal opacity(safedi, meda, phoola) and permanent impairment of vision.

The disease spreads through the contaminated fingers, clothings and other articles used by the infected person. Flies and other eye gnats help to spread the disease. Dust, dirt, smoke, use of dirty water also cause the disease.

If treated systematically, the disease can be cured between four to seven days. No hospitalisation is necessary.

PREVENTION

Personal cleanliness, hygienic care and keeping the surrounding clean are the best prevention against the disease. Towels, handkerchiefs and other clothes of daily use should not be mixed with the clothes of the persons suffering from this disease.

Children suffering from the disease should not attend the school till they are completely cured. Sunglasses should be used to protect the eyes from too much light. Sun-glasses of a person suffering from this disease should not be used by others. One should wash his eyes with cold but clean water three to four times a day.

In case one contracts this bisease he should consult the doctor immediately. He should also take rest for three to four days in the house. This will help in his speedy recovery and also reduce the chances of transmitting the disease to others.

England 355 All Out

England were all out for 355 in their first innings, five minutes before close against India on the opening day of the third and final Test at Oval yesterday.

The England batsmen, particularly the tail-enders not only saved their team from a critical position but enabled it to put a big total at a quick rate of scoring. The early shock came when Solkar, the only effective bowler on Indian side, drew first blood score reading at five. Jameson batting aggressively with Edrich as partner took the score to 111 when the second wicket fell. But the subsequent three wickets fell for a mere eight runs. The score then was 143 for 5.

When England were at a critical position again, Alan Knott and Hutton added a record 103 runs in their seventh wicket partnership. Knott who was 90 was caught and bowled by Solkar at 278. Snow 3 was the next batsman to be out when he gave a catch behind the wicket to Engineer in the bowling of Solkar.

Hutton began batting aggressively with Underwood as partner and they added 68 valuable runs. Hutton was bowled by Venkatraghavan when his score was 81. Underwood was the next batsman to go, scoring 22. Price remained not out with one.

MSRTC FARE RAISE OPPOSED

Mysore, Aug. 31

The proposal to increase the MSRTC bus fares from October 1 was strongly criticised by Sri B. C. Lingiah, Leader of the Opposition, in the Municipal Council yesterday.

Huge sums were leaking out from the Corporation revenue to the conductors and drivers. The Corporation should plug these loopholes instead of making the public to pay more, he said.

He also criticised the insistence of the State Electricity Board on house owners to have underground connections. This was costing a minimum Rs. 500 to Rs. 600 which no house owner could afford, he said.

The Old Congeess member expressed his concern at the disposal of lands by the Palace authorities to private parties.

Sri B A. Belliappa earlier expressed concern at the indiscriminate selling of Palace lands and suggested that they should be acquired by the Municipality and allotted to the poor and working class.

He wanted the Dasara Celebrations Committee to arrange for selling food packets during the Dasara festival as in the previous years as a measure to check raise in prices of foodgrains.

Sri M K. Lingiah hailed the decision of the Government to go ahead with

B'lore Denied TV Centre, Governor

Bangalore, Sept 3

Governor Dharma Vira yesterday expressed his surprise that Bangalore, the heart of the electronics movement in the country, should have been ignored in selecting places by the Government for setting up television centres.

At a function at the REMCO, Sri Dharma Vira received the first prototype TV receiver manufacutred by the Company. He strongly supported the Company's claim for a licence to manufacture TV sets.

A 19-inch Janata set the REMCO plans to produce would cost between Rs. 1,400 to Rs. 1,500 the cheapest TV sets to be produced in the country.

Prohibit Sale Of Palace Assets

Palace Employees' Demand

Mysore Sept. 10

The Palace Employees Union has urged the Government of India to declare all the sale of properties made by the Palace authorities as null and void and prohibit further sale of the properties in the interests of the employees.

The employees yesterday presented a memorandum to Sri A.K. Gopalan, CPM leader, to take up their cause. Sri Gopalan inaugurated the General body meeting of the Union, Sri B.A Belliappa, Municipal Councillor, presided.

Expressing concern on their future when the privy purses were abolished they said their future appeared to be very bleak.

They said the Maharaja was selling away his property piecemeal and his close associates were taking undue advantage of this by under-selling properties, including those of the trusts, resulting in a loss of income to the Government. The Government, therefore, should confiscate all the properties of the Maharaja as security for his employees, they demanded.

They suggested conversion of the Mysore Palace into museum where the employees could be provided with employment. Employment could be provided to them at the Bangalore Palace also which was being converted into "Chamundi Hotel".

Sri Gopalan opposed paying compensation to the Maharajas for the abolition of the privy purses. The same amount should be paid to the employees to rehabilitate them. Stoppage of compensation would not affect the Maharajas in anyway.

He said about 800 Palace employees would be on the streets very soon. There were nearly 600 pensioners who were getting a meagre pension The Maharaja should see that the interests of the employees were protected, the Communist MP said.

PRESS - CUSTODIAN OF DEMOCRACY

Mysore, Sept. 14

Governor Dharma Vira told journalists yesterday that as custodians and watchdogs of democracy they had a great responsibility on their shoulders.

He was inaugurating the fifth conference of Mysore District Journalists at Kollegal yesterday.

The Governor said journalists were the eyes and ears of the people and must be alert and true to inform the people what was happening around them. There should be no effort to mislead or distort views. If this was done they would be guilty of misleading and misguiding the public. Such an act would not be a service to democracy.

There should be a process of communication and co ordination between the journalists and the Government. Journalists must understand the difficulties of the Government, he said.

He was happy that the District Journalists' Association was conducting its conference at taluk headquarters on rotation.

Association President A. Ramanna, in his presidential address, urged for public and Government patronage to small newspapers. He said the Government was not giving enough encouragement to mofussil newspapers.

Sri R. Shamanna, President of the Karnataka Union of Working Journalists, said that due to monopoly newspapers small newspapers were not getting enough encouragement

He said the Government was only paying lip sympathy to district newspapers These newspapers had real contacts with the people The Government had to be challenged as to what it had done to encourage these mofussil papers, he said.

Know New Developments In Engineering

Governor's Advice To Engineers

Mysore, Sept. 16

Governor Dharma Vira yesterday called upon engineers to keep up to date with the fast growing knowledge in the field of engineering. This was very important for them as they were the builders of the nation.

He was declaring open the new building of the Institution of Engineers, Mysore City Sub-Centre, synchronising with the fourth All India Engineers' Day

The Governor said that with the growth of knowledge and specialisation, there had been considerable divisions of engineering today unlike in the past when they were all roled under one subject.

If the engineers failed to keep abreast with this expanding knowledge they would be beaten in the race for knowledge, he said.

Sri Dharma Vira paid eloquent tributes to Sir M. Visvesvaraya and said he was not only a great son of Mysore but also a greatest son of India.

The present day engineers should emulate his ideals and his desire to know things around him and how best to develop them A builder had to be a builder all round, not only in brick and masonary, he said.

Sri J. G Bodhe, President, Institution of Engineers (India), in his presidential address, said that if engineers had been appointed to man the public sector industries and the big steel mills in the country, the state of affairs of these industries would have been far better.

He thanked the Governor for appointing engineers to head some Government undertakings in the State and said this should be copied by other States.

Sri Bodhe said that the engineers deserved better recognition and urged the Governor to recommend them for the annual Presidential awards. Mysore had given birth to many luminaries in the field of engineering. The illustrious example of Dr. Visvesvaraya had left a great heritage, he said.

The Governor unveiled the portraits of Sir M. Visvesvaraya and late Prime Minister Lal Bahadur Sastry donated by Sri B. V. Balasubramanyam.

Sub-Centre Chairman S. P Bhat welcomed the gathering. Joint Secretary H.V. SathyanarayanaRao read the messages. Secretary S. K. Lakshminarayaha read a report. Prof. N. S. Govinda Rao spoke on "My contacts with Sir M. Visvesvaraya". Sri Parashiva Murthy proposed a vote of thanks.

TRIBUTES PAID TO YAKSHAGANA ARTISTE

Mysore, Sept. 16

Rich tributes were paid to Sri B. Veerabhadra Naik, reputed Yakshagana artiste, at a function held at the Maharaja's College Centenary Hall to felicitate him. The function was organised by Sri B Ramadas Bhat of Madhu Nivas.

Governor Dharma Vira, who was the chief guest, described Sri Naik as one of the greatest artistes of our country who had inherited the traditional art from his father and was now engaged in passing on the same to the younger generation.

India beinga vast country the many traditional lesser forms of dancing might not be known all over. This did not minimise the importance of the art, he said.

He was happy that with the establishment of the Central and State Sangeet Natak Akademies, it had been possible to popularise these forms in other parts of the country where they were not known much.

Dr K. Shivarama Karanth, well-known writer, who was the chief guest, said that Sri Veerabhadra Naik represented one of the two famous troops of Yakshagana in South Kanara. He was one of their best artistes.

Yakshagana, he said, was one of the many traditional dances in the country which was in no way inferior to other dances.

Sri K. S. Haridas Bhat, Principal, MGM College, Udipi, welcomed the gathering. Sri Sadananda Bhat presented an address to Sri Naik. Sri Radhakrishna Bhat proposed a vote of thanks.

Kengal Welcomes "Bharat Mata" Procession

Mysore, Sept. 17

The holding of the "Bharat Mata" procession on Vijayadasami Day in the city, instead of the Maharaja's procession, was defended by Railway Minister K. Hanumanthaiya today.

Inaugurating the Dasara Exhibition and Industries Fair, as part of the Dasara celebrations, Sri Hanumanthaiya said Dasara festivities this year had taken a new tune.

In a democratic country, he said Maharajas were no longer sovereigns and they had no place. Today people were the sovereigns. This fact had to be accepted both by the Maharaja and the people.

Welcoming the decision of the organisers and the State Government to take out "Bharat Mata" procession, the Minister said this was suited to the democratic outlook of the country.

So far there was no common platform for all of us to feel oneness of the nation In this respect Mysore was setting an example to other States. A procession of "Bharat Mata" would be above communal or caste outlook and help emotional integration and unity of the country, he said.

Sri M. Subramanyam, Divisional Commissioner and Chairman, Dasara Festivities Organising Committee, welcomed the gathering. Sri I. P. Mallappa, Chairman, Exhibition Sub-Committee proposed a vote of thanks.

NEWSPAPERS CRITICISED

Mysore, Sept. 22

The Post-Graduate Course in Journalism was inaugurated in the Mysore University on Monday by well known journalist T. T. Sharma. Mysore University is the first Indian University to start the course.

Sri Sharma explained the significant role of newspapers in a democracy and said newspapers today were not reflecting true public opinion and they had also ignored the interest of the masses.

Newspapers before Independence had a goal of securing freedom for the country. But now the newspapers were heralding one party's opinion or the other. They were caught between power politics on the one hand and the capitalists on the other, he criticised.

He praised the Mysore University for taking a bold lead in starting the course. He warned against blind imitation of the syllabuses of the Western universities. The course shold be suited to Indian conditions, he said.

Vice Chancellor Javare Gowda, who released "Manasa Gangotri", the experimental paper of the students, said the course had a bright future.

He said the University now had all facilities for establishing an institute of mass communication.

Dr. Nadig Krishna Murthy, Head of the Department, welcoming the gathering said that so far 200 students had passed B.A. course with journalism as major. The course was first to be started in South East Asia, he said.

It was strange and unfortunate that Sanskrit had lost its importance. It was showing signs of languishing because of extreme linguism and parchoialism that had overtaken in the country. The Governor warned that if Sanskrit, which was a cementing force, died that would be an end to all our culture and tradition and we would be people without moorings.

Vice Chancellor Javare Gowda, who presided, praised the courageous step of Pandit K. N. Varadaraja Iyengar in starting a Sanskrit daily. Knowledge of Sanskrit should be made compulsory for the study of all other languages, he said.

AGITATION DUE TO COMMUNAL BIAS

Bangalore, Oct. 6

Governor Dharma Vira yesterday blamed a microscopic minority of students, a section of the university teachers and some members of the Senate and Syndicate as "having an hand" in vitiating the atmosphere of the Bangalore University.

Addressing the Bangalore University College Teachers' Association, he said communal bias was at the bottom of the agitation.

In a forthright speech, he declared: "We might as well fold up the University. There is no point in having a University that is constantly plagued by troubles".

"A microscopic minority of students is destroying academic life, destroying property and doing everything that should not be done. But it is not students alone, out some teachers also take a hand in these matters", he said.

"We have achieved the highest standards of unsettlement and uncertainty in this young university. Never have I seen anything like this in any university, not even in Calcutta", the Governor said.

Sri Dharma Vira warned that what was happening in the university today was an example of what would happen if teachers did not take an active interest in issues vitally affecting the academic life, but sat with folded hands and did nothing.

"Your Vice Chancellor is neither a Vokkaliga nor a Lingayat, he is a fair man, but why have you teachers left him in isolation to fight the battle? Why have you not given him your support? Why don t you raise your voice of protest?" he asked.

The Governor confessed his inability to find a person to look into the affairs of the university. "For the last 15 days, I have been sounding many people to look into the affairs of the university but everybody says 'no'. This is your reputation", he said.

PROBE INTO DASARA EXPENDITURE

CIVIC FATHERS' DEMAND

Mysore, Oct. 12

An inquiry into the 'huge' expenditure incurred for conducting the Dasara festivities in the city was demanded in the City Municipal Council yesterday.

Members of both sides strongly criticised the "callous expenditure" and "waste of public funds".

Sri B. A. Belliyappa, who was the first to start the attack, urged President Jegi Siddiah to write to the Centre for holding an inquiry into the "wasteful expenditure on the Dasara which brought no credit to Bharat Mata". He criticised the payment of a "huge" sum of Rs. 18,000 for the Bharat Mata idol.

Opposing the sale of Palace properties, he criticised the Municipality for approving the sale of sites by the Palace authorities when they owed Rs. 3 lakhs Mohatarffa tax. There was a proposal to put up a petrol bunk near the Palace and no licence should be given to this, he said.

Sri Srikanta Sharma demanded a judicial inquiry into the "colossal" spending on the Dasara. Although the amount estimated was Rs 20 lakhs, the actual expenditure was Rs. 30 lakhs, he said.

In the Exhibition 35 stalls were remaining vacant and lavish amount had been spent on constructing new pavilions. The arrangements made to witness the procession and the cultural programmes were far from satisfactory, he said.

He also opposed the enhancement of MSRTC bus fares.

Sri Shivanna criticised the arrangements made to witness the procession and the torch light parade He too demanded a probe into the expenditure.

Referring to the discourtesy shown to the acting Legislative Council Chairman, Sri Vedantha Hemmige said it showed discourtesy by officials to elected representatives of the people. He charged that the Governor's rule had become bureaucratic and said that time had come for agitating against the Governor.

New Congress leader B. N. Kenge Gowda, who praised the Governor for successfully organising the "Janatha Dasara", said the failures here and there could have been overcome by giving more representation to non officials in various Dasara committees.

Smt. Soundaramma, who conceded that the expenditure was high, defended the arrangements made.

Dr. P.D. Krishnaswamy described that it was a paradox to organise a Bharat Mata procession when people showed discourtesy to national anthem in cinema theatres.

Sri M. N. Thimmiah urged for evicting the illegal occupants of the 101 houses in N. R. Mohalla constructed under the slum clearance scheme.

He criticised the Governor for extending the lease of Metropole and Krishnarajasagar Hotels and also the insufficient supplies to the city hospitals

Sri Papanni complained of increasing police harassment to poor and innocent people. Sri Chowdiah complained of increasing thefts and police inefficiency in checking them.

PM Starts Work On Vijayanagar Plant

Prime Minister Indira Gandhi expressed the hope that the Vijayanagar Steel Plant, work on which she inaugurated yesterday at Torangal in Bellary, would herald a new era of prosperity to the poor people in the area.

She said, "There is a rich ore in this land, but the people are very poor. The benefit of this hidden treasure should reach the people. The work that is being started today will help thousands to gain employment and also bring happiness to the people".

Recalling the glories of Vijayanagar Empire, the Prime Minister said the only difference was that while such empires helped the few rich with the majority remaining poor, they were now trying to reduce economic disparities.

She expressed the hope that in building the Rs. 600 crore steel plant and the township nothing would be done that would tend to destroy the beauty and grandeur of Hampi even by an iota.

Sri D. Devaraj Urs, MPCC (R) President, yesterday opposed changing the name of the State from Mysore because of its historical associations.

In his inaugural address at the State Muslim Conference at Srirangapatna yesterday, he paid tributes to Hyder Ali Khan and Tippu Sultan and said Tippus' name was synonymous with the name of Mysore. Those who demanded a change in the name of the State had given no valid reason. Why should, therefore, the name be changed, he asked.

INDIANISATION CALL DENOUNCED

Mysore, Oct. 18

The call for Indianisation of Muslims made by "certain communal elements in the country" was denounced by Sri Moinul Haque Chowdry, Minister for Industrial Development, at Srirangapatna yesterday.

Presiding over the three-day State Muslim Conference at the Gumbaz, he said the call for Indianisation meant "giving up our religion and way of life". "We will never do so and we will fight these communal elements till our last breath", he declared

India was today at the crossroads of her destiny. It was on the march and the changes that were going to take place would affect all the communities.

As one of the most important constituents of Indian life, Muslims too have to take part in, and be affected by all that was happening in the country and its neighbourhood, the Minister said.

He called upon the Indian Muslims to get out of their conventional thinking and be science and technology oriented so that they could contirbute along with others in the development of their motherland.

Sri Devaraj Urs, MPCC (R) President, in his inaugural address said religious minorities including Muslims could not expect to have special political rights in a socialist state. "We are politically equal and what we want is social and economic equality". When the Government wanted to bring about such a change there was no need to ask for special political rights, he said.

Sri Urs strongly defended the convening of the Muslim conference and his participation in it.

Sri Azeez Sait, Chairman of the Reception Committee, welcomed the gathering. Sri Alhaj Mohamed Ismail Tabish read the messages. Sri Maqsood Ali Khan, former Deputy Minister, proposed a vote of thanks.

The conference adopted resolutions extending its full suppot to the Government's stand on the Bangla Desh issue and demanding release of Sheikh Mujibur Rehman, expressing confidence in Prime Ministsr Indira Gandhi, her policies and programmes, and paying homage to Tipup Sultan.

IMPORTANCE OF ARCHAEOLOGY

Mysore, Oct. 22

Sri G. S. Gai, Chief Epigraphist, Archaeological Survey of India, stated here yesterday that sheer accidental discoveries in the field of archaeology had greatly helped in the reconstruction of the history.

Speaking at the Rotary Club, Dr. Gai narrated how two railway contractors, the Burton Brothers, while laying a railway track between Karachi and Lahore in 1920 had spotted the mounds at Mohanjo Daro and Harappa

Again in 1950, an engineer at Maski in Raichur district found an edict with the name of Asoka mentioned for the first time and this helped historians to conclude that 'Devanam Priyadharshuni' mentioned in the Asokan edicts referred to Asoka himself.

He said that in India they had about 10,000 inscriptions. The Archaeological Department had surveyed one third of the country and his office had 60,000 stampages of the inscriptions which were of great interest to research scholars.

Club President Dr. Subba Rao was in the chair.

No Stay On Cauvery Projects

The Supreme Court yesterday dismissed both the applications of Tamil Nadu and Kerala for an injunction restraining Mysore from proceeding with the construction of Kabini and Hemavathi projects across the Cauvery river.

Sri Justice Shelat, presiding over a five member bench, remarked there did not appear to be any infringement of rights on the part of Mysore because the works in dispute were in progress within its own territory. There was further no diminution of water at present.

The Court, however, admitted two other writ petitions filed by Sri Murasoli Maran. MP and 30 other farmers of Thajavoor District, challenging the validity of the Mysore Government's action of proceeding with the projects.

The court also dismissed the Tamil Nadu farmers' application to restrain Mysore from proceeding with the projects.

NO WITHDRAWAL OF TROOPS

Defence Minister Jagjivan Ram reiterated India's firm resolve to keep its forces on the borders "as long as the Pakistan threat endures".

He said India had no alternative but to move its troops to the border in the wake of President Yahya Khan's threat of total war and massing of troops. India will not take any step which will be regarded as aggression against Pakistan but will resist any attack with full force. If there was an attack, the country's forces will see to it that fighting took place in the enemy territory and not on Indian soil.

If international pressure was exerted on India for the withdrawal of troops from the borders, the Government will demand that these nations assume responsibility for the return of the refugees, the Defence Minister said.

UN Seat For China Hailed

India was one among the 75 other countries which voted in the UN General Assembly in favour of the Albanian resolution to seat China in the world body and expel Taiwan. While 76 countries supported the resolution, 35 countries including the US voted against it. There were 17 abstentions.

The acceptance of the Albanian resolution came after the Assembly voted down by a margin of 59 to 55, with 15 abstentions, a United States drafted resolution seeking to label the expulsion of Taiwan an "important question" requiring a two-thirds majority. India was among the countries which voted against the resolution

The Taiwan delegation walked out before the historic final vote. Taiwan is the first country ever to be expelled from the world body.

The chief US delegate. Mr George Bush, shaken by the stunning American defeat, said he hoped the UN would "not relive this moment of infamy". Senator James Buckley announced that he was preparing legislation for a "major reduction" of US contribution to the UN.

Acting Chinese Foreign Minister Chi Pengafei said in Peking that his Government was considering sending a delegation to the United Nations

The Government of India has welcomed the admission of People's China. An External Affairs Ministry statement said: "We are happy that the United Nations had today finally restored to the People's Republic of China its rightful seat in the United Nations".

Grand Dasara In Coming Years

Mysore, Nov. 10

Governor Dharma Vira here yesterday expressed his happiness that the "different type" of Dasara celebrated this year in the city was liked by the people and hoped that in the coming years it would become more attractive.

He was distributing prizes at the nine day Lalitha Kala Mahotsava, organised by the City Municipal Council, which conlcuded at Town Hall.

The Governor admitted that there were some deficiencies in organising the festival. Such deficiencies were bound to be there when a festival was organised in a different form for the first time.

He was confident that these deficiencies would be overcome and the festival would be more attractive next year and in the coming years.

Sri Dharma Vira praised the City Municipal Council for organising the cultural festival and painting competitions for children. He said the art of living was as important as the economic development of a country. It was necessary to introduce in the life of the people a zest for life and a sense of appreciation of good things in life, he added.

Municipal President Jogi Siddiah welcomed the gathering. Municipal Commissioner C. Gopal Reddy proposed a vote of thanks.

THEATRE IN JMP OPPOSED

Mysore, Nov. 11

Members in the Municipal Council yesterday strongly opposed the proposal of the Palace authorities to convert the Jagan Mohan Palace Art Gallery into a cinema theatre.

When the subject of issual of licences came for consideration,Sri Srikanta Sharma took serious objection to the proposal of the Palace authorities and said that no licence should be given to convert this historical monument in the city into a theatre.

He said the Palace which was in the heart of the city was once the venue of Representative Assembly meetings and hence, it should be declared as a monument.

Smt. Soundaramma, supporting Sri Srikanta Sharma, said according to an agreement existed the Palace had to be preserved as an art gallery. The Palace had been constructed with public funds and was being managed by a trust, she said.

She urged the President, Sri Jogi Siddiah, to write to the Deputy Commissioner not to issue a no objection certificate for a theatre there

Another New Congress member Shivanna suggested to the President to bring an official resolution before the Council to oppose the issue of a licence. The Palace authorities might even venture to lease away the Palace, he criticised.

He warned that an agitation would be started if a licence was issued.

Sri M. K. Lingiah said it was surprising that the Deputy Commissioner had issued a notification although there were strong feelings against the proposal. This proposal posed a challenge to the Municipal Council, he said.

The Art Gallery was an important tourist attraction and it should be improved further instead of allowing the beauty of the Palace and the area to be destroyed by permitting a public theatre there If any licence was issued, an agitation would be started, he warned.

Sri Lingiah wanted the President to write to the Tourism Minister for the acquisition of the Palace.

Sri Papanni, however, supported the move of the Palace authorities to convert it into a permanent theatre,

Permanent Bldg For Exhibition

Mysore, Nov 11

The Government would take a decision within a month on selecting a permanent place for holding the annual Dasara Exhibition in the city and also regarding the construction of a concert hall for conducting cultural programmes and a stadium.

This was announced by Governor Dharma Vira yesterday. He was delivering the valedictory address of the Dasara Exhibition.

The Governor reiterated Government's decision to make the Dasara celebrations as attractive and popular as possible with greater participation of people in the festival.

The Government had decided not to permit further concentration of industries in Bangalore to ensure a balanced growth of the State. Certain districts, including Mysore, had been declared as backward areas and special facilities would be offered for starting industries in these districts, he added

Divisional Commissioner M Subramanyam, welcoming the gathering, pleaded for an early decision on a permanent building for the Dasara Exhibition. There was need for a concert hall also, he said.

Exhibition Secretary H. R. Ganganna in his report said the rent collection from 412 stalls this year was Rs 2,99 228 as against Rs 2,86,321 last year The gate collection was Rs.2 10 lakhs as against Rs. 1.5 lakhs last year. More than 4.30 lakh people had visited the Exhibition.

OPPOSITION WALK-OUT IN ML. COUNCIL

Mysore, Nov. 11

The Opposition members in the Municipal Council yesterday staged a walk out in protest against the attitude of the ruling party and the President in rejecting a proposal moved by them.

The walk out took place when the house was considering a resolution moved by Sri M. K Lingiah to remove house tax on all houses whose rental value was below Rs. 100 per annum.

Sri B C Lingiah, Leader of the Opposition, said that they were ready to agree to the resolution in principle and even for the abolition of housetax entirely in the city.

But as certain legal implications were involved, he suggested that it should be referred to the Legal Committee. This was seconded by Sri Srikanta Sharma.

Following the opposition of Sri M N. Thimmiah, the proposal of Sri Lingiah was rejected by the President, Sri Jogi Siddiah.

The Opposition consisting of Messrs Lingiah, J. M. Coutinho, Srikanta Sharma and Rajasekhar walked out as a protest

Bullock Symbol For Cong (R)

The Supreme Court yesterday upheld the decision of the Election Commission alloting the election symbol of the Indian National Congress—two bullocks with a yoke on—to the Congress (R).

The Court dimissed an appeal by Sri Sadiq Ali, the then General Secretary and now the President of the Congress (O), against the Commission's decision

The three member bench made it clear that the scope of the Commission's verdict was limited to the purpose of the symbol alone. In other words, any dispute between the two rival sections over property and other rights would still have to be adjudicated upon civil courts.

The Court observed that it was not permissible to dissect the Congress election symbol and give one bullock to one group and the other to the rival claimant The symbol "is no property to be divided between co-owners", it ruled.

SOWCAR CHANNIAH PASSES AWAY

Mysore, Nov. 20

Sri S. Channiah, a prominent political leader and a veteran Congressman, died this morning at his residence in Nazarbad. He was 70.

Sri S. Channiah, who was ailing for some time, passed away at about 6 a.m. The funeral will take place this evening.

He leaves his wife and a daughter.

'Sowcar Channiah', as he was popularly known, was one of the founder members of the Congress party in 1937 in the State. He presided over the first historic session of the Mysore Congress held at Shivapura in 1938.

He played a dominant role in the political affairs of the State. The political history of the State, particularly of the Congress Party, would be incomplete without the mention of Sri Channaiah's name. He was even known as the "King Maker of Mysore."

He was elected the Vice-President and later the President of the MPCC. He was a member of the Legislative Council for six years from 1960.

In 1966 due to differences in the party, Sri Channiah resigned from the undivided Congress and formed the Janatha Paksha of which he became the President. On the Paksha ticket he was elected to the State Assembly in the last elections. After the split in the Congress, he joined the Congress (R).

Sri Channiah also served as a member of the Mysore-Maharashtra Boundaray Committee which was headed by Sri Malimath.

Sri Channiah, who served various organisations and the Congress party in the city, was also a political 'guru' to many of the present leaders in the State. The last of his disciple was Sri K. Javare Gowda, Secretary of the City Congress Committee.

He had keen interest in the promotion of wrestling in the city. He was the President of the Garadi Sangha.

A number of people today called at the residence to pay their last respects. Top leaders have sent their condolences expressing their grief at his death.

Messrs A. Ramanna, Janatha Paksha Organising Secretary, K. Javare Gowda, T. N. Narasimha Murthy, MLC, have expressed their sorrow at the death of Sri Channiah.

13 Pak Tanks Destroyed

Prime Minister Indira Gandhi informed Parliament yesterday that 13 Pakistani Chafee tanks were destroyed by the Indian forces in an encounter with Pakistani troops in the Boyra area, north-east of Calcutta, on Sunday.

The Prime Minister also announced that India would not declare a state of emergency "unless further aggressive action taken by Pakistan compels us to do so in the interest of national security".

Giving details of the Boyra incident, Smt. Gandhi said that Pakistani infantry, supported by tanks and artillery, launched an offensive on the Mukti Bahini, who were holding the liberated area around Boyra.

The Pakistani armour advanced to our border threatening our defensive positions and the shells fell in our territory wounding a number of our men. The local Indian military commander took appropriate action to repulse the Pakistani attack, she said.

She called upon the people to remain unruffled and warned the military regime of Pakistan that "any adventurism on its part will meet with adequate rebuff".

An official spokesman announced that orders to the armed forces had been modified to permit them to cross the border in self-defence.

He said the Boyra incident was the first incident when the new orders had come into operation. Indian tanks, he said, crossed into Bangla Desh and after the engagement returned to their bases. He denied the Pakistani claim that India had lost some tanks and Gnats.

Governor Acting Like "Pallegar"

ACCUSES BANGALORE MAYOR

This had both "surprised and pained me".

Sri Lingiah said in his view the Government in the State was "dead". The Governor is not conducting himself as the head of the administration; all he has been doing is to play politics", he charged the Governor.

He said it was necessary that people understood this and were "vigilant" about the Governor.

Renaming State Inevitable, VC

Mysore, Nov. 27

The renaming of the State as "Karnataka" would not result in the domination of any one community as being feared, Vice-Chancellor Javare Gowda said yesterday.

Participating in a "Model Press Conference" arranged by the Department of Journalism of the University, Prof. Javare Gowda said it was inevitable the State should be named as Karnataka, if not today at least tomorrow.

He reiterated that no purpose would be served in merely renaming the State without making Kannada the official language and the medium of instruction.

Kannada could be made the official language forthwith, because the vocabulary required for administration was very limited, he said.

Dispelling the fear that students who study in Kannada medium will have limited job opportunities, the Vice-Chancellor said merit students would always find a place anywhere.

When a student asked why the name of "Mysore" should be changed, he said no where in the world the name of a city had been given to a State.

As regards the active participation of students in the University administration, Prof. Gowda pointed out that in the university there was already a students council. The Academic Council had accepted almost all its suggestions.

The Vice-Chancellor said the proposal of starting a health centre in the Maharaja's College campus as in Manasa Gangotri, was being considered.

Earlier, Dr. Nadig Krishna Murthy, Head of the Department of Journalism, welcomed the gathering. Sri Swamy Gowda, Students Secretary, proposed a vote of thanks.

TRADERES WARNED AGAINST PRICE RISE

Mysore, Nov. 29

Sri B.D. Jatti, Lt. Governor of Pondichery, here yesterday warned traders against exploiting the situation created in the country's border by increasing prices and said any such attempt would be "anti-national".

Inaugurating the diamond jubilee of the City Co-operative Bank, Sri Jatti said the food position in the country this year was good in spite of the heavy refugee influx from Bangla Desh. Therefore, there was no room for prices to go up.

Politics, he said, should be kept away from banks and industries if they hab to make progress. The co-operative movement was not a success in all the States. He was happy that in Mysore the movement had made good strides.

Vice-Chancellor D. Javare Gowda, who presided, said the co-operative movement was not making progress due to "professional co-operators".

He disclosed that the university was considering introducing co-operation as an optional subject in B. A. classes along with secretarial courses. He appealed to the co-operative institutions to help the university in establishing a chair in co-operation.

Deputy Commissioner D. Balagopalan, releasing the souvenir, said that there were about 1,000 co-operative institutions in the district and not all of them were working well. This was due to the vested interests.

Bank President B. G. Das welcomed the gathering and presented an address to Sri Jatti. Assistant Secretary C. S. Patthabiraman read messages and Secretary M. C. Krishnaswamy, the report. Vice-President M.A. Sampathiengar presented an address to the Vice-Chancellor.

Inaugurating the three-day conference of Boards of Secondary Education in India at the Regional College of Education, he said the various reports on educational reforms had been kept in cold storage and, therefore, there was no use in the conference discussing these reforms as it served no purpose.

He reiterated that imparting education through regional language would not lower the standards. He also blamed the State Education Department for its attitude in regard to Kannada medium sections.

Mysore City Improvement Trust Board

Please permit me to point the irregularities prevalent in the allotment of sites by the Mysore City Improvement Trust Board.

I have been alloted site No. 84, Thonachikoppal lay-out of Saraswathipuram at Rs. 12/- per sq. yard by the Mysore City Improvement Trust Board. But, I have reliably learnt that some other sites in "Radhakrishna Marg" bearing Nos. 13/B, 13/C and 13/D and 54/A, a corner site in Jayalakshmipuram as well as site Nos. 15, 16, 17 and 18 in Mysore-Bangalore Road have been alloted to three big contractors and also to their relatives at Rs. 2/- per sq. yard. The Trust Board rate in those areas is between Rs. 11 and 13 per sq. yard. In fact, when some of the sites in these areas were auctioned recently by the Trust Board, they have fetched at Rs. 30/- to Rs. 60/- per sq. yard.

Attempts made by aggrieved parties like me to obtain certified copies to seek redress in a court of law have been thwarted by an endorsement stating that, "Copies cannot be given as per rules".

These irregularities need to be checked by the concerned authorities expeditiously to provide to the deserving citizens a fair and equitable distribution of sites.

In fact, when some of the sites in these areas were auctioned recently by the Trust Board, they have fetched at Rs. 30/- to Rs. 60/- per sq. yard.

Attempts made by aggrieved parties like me to obtain certified copies to seek redress in a court of law have been thwarted by an endorsement stating that, "Copies cannot be given as per rules".

These irregularities need to be checked by the concerned authorities expeditiously to provide to the deserving citizens a fair and equitable distribution of sites.

US Fleet Towards Dacca

The United States has ordered its Seventh Fleet stationed at Saigon in Vietnam to move towards the Indian Ocean to "rescue American citizens from Dacca".

The American naval task force is headed by the formidable nuclear-powered aircraft-carrier, Enterprise, and includes several amphibious ships and destroyers, according to the New York Times.

The Enterprise and her escorts have orders to sail to the Strait of Malacca off Singapore to await final instructions to proceed to the Bay of Bengal, it is reported.

An Indian official spokesman said that the Government of India was not aware of any movement of the US Seventh Fleet. Any such movement, if true, could only be part of some psychological pressure.

"One does not need to move nuclear powered vessels and display all its might for the evacuation of a few citizens who might have been left in Dacca", he said. There were about 15 Americans staying in Dacca, it is said.

Chinese Moves

About the Chinese moves he said that "We are aware of certain movements which Chinese are making in certain areas. We believe that this must be a part of efforts designed to show political solidarity with Pakistan".

Russia's Assurance

The Soviet Union has assured India that it can count full support from the Soviet Union in terms of the Indo-Soviet treaty whatever be the developments.

The US movement of the fleet is stated to have formed part in the discussions between the Indian and Soviet leaders in Delhi.

Russia Vetoes Again US Move

The Soviet Union vetoed the U. S. resolution in the UN Security Council again yesterday on the Indo-Pakistan war. This is the third time that the Soviet Union is exercising its veto in favour of India in the Security Council

Eleven countries voted in favour of the US resolution while the Soviet Union and Poland opposed it. Britain and France abstained.

The Security Council will meet again tomorrow to consider a joint resolution of Italy and Japan to appoint a three-member committee to help India and Pakistan to end the conflict. The joint move came after Russia's veto.

CEASE-FIRE COMES INTO FORCE

The 14-day India-Pakistan war came to an end as the cease-fire orders came into force all along the Western front at 8 p. m. yesterday.

President Yahya Khan responded to an appeal by Prime Minister Indira Gandhi and issued orders to Pakistani forces to cease-fire from 8 p. m.

Gen. Yahya Khan's acceptance of India's unilateral cease-fire offer was announced by Radio Pakistan, four and a half hours before India's declaration was to go into effect.

He said he was accepting the proposal "in the interest of peace". The Pakistan's cease-fire acceptance was received in Delhi throgh the US Ambassador and the Swiss Misson.

BLOODIEST BATTLE

The two-week old war was the briefest of the three fought by India and Pakistan and also the bloodiest. The fighting in Kashmir in 1947 had dragged on for several months. The 1965 conflict had lasted 22 days.

The three service chiefs had issued instructions to Indian forces under their respective commands to cease-fire from 8 p. m. The instructions also provided that if they were attacked to take all necessary action to defend their positions they occupied at 8 p. m. But the cease-fire went into effect without any hitch.

TRUCE-EVE ATTACK

Fierce fighting took place at two places before the cease-fire. In the Shakargarh area of the Sialkot sector the enemy troops mounted a heavy counter-attack. It was repulsed. Five Pakistani tanks were knocked out. The Indian forces were surrounding Shakargarh.

The other battle scene was the Naya Chor area of the Sind. As the cease fire deadline approached, enemy planes made repeated attempt to intrude into our air space. Our MIG fighters downed three of the Pakistan Starfighters.

NO PULL-BACK

Gen. K. P. Candeth, Commander of the Western Army Wing, said yesterday night that Indian forces would not move from the place where they would be at cease-fire time.

India Must Remain Alert, PM

Prime Minister Indira Gandhi said yesterday that India will have to remain alert on its borders, even though Pakistan had accepted "our offer of ceasefire on the western front".

Addressing the general body of the Congress (R) Parliamentary Party, Smt. Gandhi said as far as India was concerned, "There will be a total peace. But we cannot say this about Pakistan".

The coming days, she said, would be difficult. New and complex problems would crop up and nobody knew what the future would bring. But she was confident that the people would face the future with courage.

City Father's Criticism

Mysore, Jan. 3

The insufficient attention by the Government for development of the Zoo Gardens in the city was criticised by Sri B. C. Lingiah, Leader of the Opposition, in the City Municipal Council, on last Friday.

He said although notifications had been issued for acquiring adjacent lands, efforts had not been made to acquire and expand the Zoo. In 1949 there were 782 exhibits in the 45-acre Zoo Gardens. Now there were as many 3,111 exhibits, but they were all crowded in the same area, Sri Lingiah said.

He welcomed the decision of the University Grants Commission to start a wild life course in the University of Mysore with the help of the Zoo.

Sri Shivanna of the New Congress complained that many important decisions taken by the Council had not been implemented by the Commissioner.

Shifting of the Gujari shops, construction of super bazar and the stadium—all important decisions of the Council—had not been executed, he said.

Sri Krishna wanted that the Regulated Market Act should not be made applicable to fruits and vegetables.

He also pleaded for uniform fee in the Universities in the State.

Sri M.K. Lingiah strongly opposed the conversion of the Jagan Mohan Palace auditorium into a public theatre and said it would relegate the importance of the Art Gallery.

He criticised the Railway authorities for relegating to background the conversion of the Mysore-Bangalore metre gauge into broad gauge.

Here he pointed out that funds totalling Rs.13 crores had been provided for conversion of the Ernakulam-Trivandrum line while the demand for Mysore-Bangalore line conversion had been neglected.

At the outset, the Council paid tributes to Dr. Vikram Sarabhai, Chairman, Atomic Energy Commission, Sri B. K. Gaekwad, President, Republican Party and Sri T. Subramanya.

Sri Jogi Siddiah, President, was in the chair.

City Congress (O) Chief, 10 Others Quit Party

Cong (O) Wiped Out In Civic Body

Mysore, Jan. 7

Sri B.C. Lingiah, City District Congress (O) Committee President and 10 other members of the Executive yesterday resigned to the primary membership of the party.

The dramatic turn took place at the "crucial" City Congress Committee meeting yesterday.

The ten others who have resigned from the party are Messrs. B. Baliah (Vice-President and MPCC member), N. Gopal Rao, Smt. Jayalakshmi Jogi Siddiah (both MPCC members), S. K. Lakshminarasimhiah (former DCC President), J. M. Coutinho, M.L. Rajasekhar (Municipal Councillors), Smt. Devaki B. Singh, H. C. Basavanna (Block Committees Chairman), Siddappa (Block Committee Secretary) and K. V. Anantharamiah (member).

With these resignations, the Congress (O) has been completely wiped out in the City Municipal Council.

Messrs. B. K. Puttiah, Krishna and Chennakeshaviah (Papanni) have already applied to the Congress (R) for membership, according to Sri D. Jayadevaraje Urs, DCC (R) Secretary. Sri S. K. Lakshminarasimiah has also applied for the membership.

There will be only four Opposition members left—one each from Jan Sangh and Communist and two from Socialist Parties—in the Municipal Council. The members who resigned from Congress (O) are exepected to join the Ruling Congress.

When the Executive meeting began, Sri B.C. Lingiah placed the resignations of five members of the executive. Out of the 18, majority of the 15 members who were present favoured resignations to the party. Following this, Sri Lingiah and five other members also resigned.

Sri T.N. Narasimha Murthy, MLC, expressed surprise at the members' resignation and appealed to them in vain to remain in the party.

Sri H. V. Subbaramiah was later elected City Congress Committee (O) President in place of Sri Lingiah. Sri Narasimha Murthy appealed to the remaining members to prepare for the Assembly elections.

Later Sri Lingial. speaking to newsmen said they had resigned to the Congress (O) as they were convinced that the party had no future. It was almost sinking. "The captain is good. But the boat is not in order", he said.

The former Municipal President said they had not decided yet about the future and would take a decision in about three day's time.

Following the resignations of 11 members, only seven members are left in the City Congress (O) Executive. Messrs B. Narayanaswamy, K. Vishwanath and Smt. Sunandamma were absent yesterday.

More Congress (O) members would quit the party in the next few days, it is learnt.

DISCRIMINATION IN TAX COLLECTION

Criticises Ml. Councillor

Mysore, Jan. 14

Sri B. A. Belliappa, Communist member, yesterday strongly criticised "discrimination in collection of taxes" by the City Municipality.

At the Municipal Council yesterday he said a sum of Rs. 2,18,543 was due from the Palace, Rs. 1,22,931 from the Executive Engineer (Buildings), Rs. 22,505 from the Mysore Housing Board and Rs. 20,958 from the K. R. Hospital to the Municipality towards Mohtarfa tax.

The Railways were due Rs. 36,432, the Medical College Rs. 23,519 and the Palace Rs. 10,093 towards the water tax.

When severe action was being taken on individuals who were due very small amounts, he asked why huge arrears were being allowed for others.

Sri M. N. Thimmiah criticised the delay in shifting the gujari shops from Gandhi Square. He wanted the President to meet the Governor and see that an order was issued for shifting these petty shops from there.

The nuisance and unhygienic conditions created by the leper-beggars in the Albert Victor Road was pointed out by Mr. J. M. Coutinho. He urged the Municipality to check this nuisance.

The Mysore District Congress Committee had unanimously chosen Sri Urs to contest to the Assembly from Hunsur constituency. His decision now may result in changes in some other constituencies also.

Thirty borewells had been dug up, including four by the Municicpality, and this had assured better water supply in those areas. A 3-inch sub main would be laid at a cost of Rs. 2 lakhs in areas where there was no proper flow of water. Referring to the delay in construction of the Dhanvantri road shops, he said the Divisional Commissioner had ordered inviting of fresh tenders as the old contractor had failed to fulfil the job. A modified plan had been prepared for the construction of the super bazar and work would start soon. Along with the commencement of its work, the gujari shops would be shifted.

The Anesarot Street behind Devaraja Market was being acquired, Commissioner C. Gopala Reddy, who was also present informed.

ACQUISITION OF JMP

Sri Siddiah said the Municipality had written to the State Government for acquiring the Jagan Mohan Palace so that it could be maintained as a historical monument and museum.

He also urged for Corporation status to the Municipality.

Referring to the murder yesterday at Doddakere maidan he wanted the police to take all steps for early detection.

Sri Jogi Siddiah thanked the Commissioner, the Councillors and others for their cooperation during his term of office.

Puttaswamy Meets Prime Minister

Sri K. Puttaswamy, former Congress (O) Minister, yesterday called on Prime Minister Indira Gandhi in Delhi and put his case before her for the Congress (R) ticket to contest the State Assembly.

Sri Puttaswamy has been bracketed with Sri D. Jayadevaraje Urs, DCC General Secretary, for the Chamundeswari constituency in Mysore City.

The Prime Minister, it is learnt, will personally look into the cases of the former Congress (O) Ministers before they are given party tickets.

The PEC, it is learnt, has not recommended party tickets to any member of the State unit of the Praja Socialist Party who had joined the Congress (R) after the mid-term poll. It has included only seven of the nine PSP MLAs who joined the party before the Lok Sabha mid-term poll. Sri S.Sivappa is one among the affected MLAs.

Sri Mulka Govinda Reddy, former PSP leader, yesterday made representations to Congress President Sanjivayya and other members of the High Command.

A meeting of the former PSP leaders will be held in Bangalore on Thursday to consider the "non progressive" attitude adopted by the PEC.

The Central Election Committee is likely to consider the Mysore list today.

Committed Press Opposed

Mysore, Feb. 4

Journalism must retain and freely exercise its inherent right to judge every policy, programme and measure taken by the Government of its impact on the interest and welfare of the people, Sri Tushar Kanti Ghosh, a veteran journalist, said here yesrerday.

Delivering the Janmabhoomi Trust Endowment first lecture on journalism, Sri Ghosh opposed that journalism "cannot commit itself to particular political parties or particular policies and programmes".

"We can retain the people's confidence only by demonstrating in our daily conduct that we are entirely immune from the influence of fear or favour", the Chief Editor of Amrit Bazar Patrika said.

Emphasising the role of journalism in a democracy as the fourth estate, Sri Ghosh said journalism must be alert and vigilant; like a sleepless watchdog it must warn its masters, the people, whenever it detected possibilities of encroachment upon the external structure or the inner spirit of democracy.

Prof. D. Javare Gowda, Vice-Chancellor, who presided, recalled the ties between Mysore and Bengal right from the 12th century.

He said two more Indian universities would shortly start post-graduate courses in journalism. Sri B.N. Gupta, who had instituted the endowment, had agreed to donate Rs. one lakh to the Mysore University.

Welcoming the gathering, Sri Gupta paid glowing tributes to Sri Tushar Kanti Ghosh as a great journalist from Bengal which led the nationalist movement.

Dr.Nadig Krishna Murthy, Head of the Department of Journalism, proposed a vote of thanks.

CONG (R) SELECTIONS CRITICISED

Mysore, Feb. 8

Smt. Soundaramma Venkatesh, General Secretary, City District Congress (R) Committee and Municipal Councillor, has strongly criticised the selection of candidates by her party to the Assembly elections.

Smt. Soundaramma, who was one of the earliest to join the Congress (R) in the city, described the selections as "wayward".

MPCC President D. Devaraj Urs, who had openly stated that the organisation had proposed to give adequate representation for women in every Parliamentary constituency, did not appear to have considered some very really deserving cases of women applicants, she said.

Smt. Soundaramma, who was an aspirant for the party ticket, said that her candidature had been completely overlooked. She wondered whether the elimination was due to favouritism and the extraneous influence of some people.

"Their interest very obviously seems to be continued distribution of seats to those who have been members repeatedly for more than three or four terms and enjoyed positions as Ministers, having defected from Congress(O)" she accused.

URS WARNS PARTYMEN

Mysore, Feb. 8

MPCC (R) President D. Devaraj Urs yesterday warned his partymen that even filing of nomination against an official candidate in the ensuing elections would amount to indiscipline and that he would not hesitate to suspend such persons from the party immediately.

Addressing the candidates and party workers in the district here, he declared that he would not readmit any one who might leave the party on the eve of the elections.

Sri Urs exhorted those who could not get the party ticket not to be disheartened but work for the party's success.

Teaching By New Methods

City School's Unique Feature

Mysore, Feb. 8

A new dynamic method of teaching based on the principle "learning by doing" adopted in the Demonstration School of the Regional College of Education has been yielding fruitful results.

The traditional methods of teaching which were mostly directed towards preparation of students for examinations have been replaced to a great extent by some new practices. The emphasis has been shifted from teaching by teachers to learning by students.

Some of the modern methods adopted by this School—now in its eighth year with a student strength of 530 from V to Standard X—are the Chem study approach, the Nuffield Science method, the PSSC and the BSCS methods.

The talents of children are identified at the commencement of the school year and plenty of opportunities are provided for all pupils for developing and improving their talents. Facilities have been made available for teaching 12 different subjects under the work-experience programme. They include metal work, wood work, electrical work, welding, clay modelling, leather craft, wood moulding, wax modelling, papier mache, gardening etc.

The teachers of the school have developed various kinds of simple and improved apparatus, models, kits, home laboratory etc. needed for teaching different subjects. The students take pleasure in conducting their own practicals than merely being observers to what the teacher does. This has resulted in students themselves preparing charts, teaching aids, improvised apparatus, models etc.

A batch of pressmen who visited the School on Saturday witnessed enthusiastic students conducting their own experiments and learning by doing. The talented boys and girls were all enthusiastic to explain things they knew, not in one subject but in several.

No doubt, the improved methods of teaching have not only developed the inner talents of children and aroused their curiosity to learn more and more but also have yielded very good results in the examinations

The results in the District level public examinations at the end of VII standard were 100 per cent and in the SSLC examination were 90 per cent in 1971. During the last six years seven teachers of the school have won national awards from the National Council of Education, Research and Training. The teacher pupil ratio is 1 to 20.

MODERN EXHIBITION BLDG. AT DODDAKERE

Participating in the "Meet the Press" programme at the Journalists Association, he said that the proposal to construct a stadium with the co-operation of the Mysore University was also being considered.

The idea was that the Municipality and the University should contribute Rs. 10 lakhs each. The stadium would be constructed either at the Doddakere maidan or in the University area, he said.

A new sub-station would be set up by the State Electricity Board in the southern part of the city at a cost of Rs. 20 lakhs to impove the lighting system, the Municipal President disclosed.

The sub-station would get power from Shimsha and would avoid intermittent power failures.

At present a Rs. 2-crore power station was coming up at Boothagalli near Yelwal for supply of Sharavathy power to the city and also to Kerala, Sri Somasundaram said.

The President, explaining the proposals to be executed during his term of office, said that he proposed not to undertake any new schemes and would try to implement the assurances given by the former Municipal Presidents.

Top priority would be given for shifting the Gujari. The Divisional Commissioner would inspect sites on Feb. 15 for shifting the Gujari shops.

The construction of super bazar at the Taxi Stand would be undertaken soon. Retender had been called for completing the Dhanvantri Road shops. Budget provision had been made for construction of a theatre complex at the old bus stand.

A Rs. one-crore plan had been prepared to construct a multistorey structure in place of the present LansdowneBuildings. The Life Insurance Corporation and banks would be approached for loans.

As regards water supply, the Municipal President said a Rs. 3·5-crore plan had been prepared and a loan of Rs. 50 lakhs was being taken from the LIC. When this scheme was completed, the city could assure water supply to a population of 10 lakhs.

Immediately after the formation of the Ministry in the State, Sri Somasundaram said he would take up the question of raising the status of the city to a corporation.

Dr. R. S. Narayan, Association President, welcomed the gathering. Sri Chikkamari Gowda, Vice-President, proposed a vote of thanks.

The Mahalakshmi Layout Murder Case took a sensational turn yesterday when Beera, the main prosecution witness, repudiated all that he had said earlier and told the court that he had been forced by the police to make the statements.

He said that the accused Krishnaswamy had not committed the murder of his wife Kamalamma. A Voter's Manifesto

Mysore, Feb. 17

What should a voter expect from his elected representative? According to 'a voter' we are good clay in the hands of the politicians. We are idol worshippers of some sort or the other. The cardinal factor in our public life is the helplessness of the voter after the vote is cast and the absolutely nonchalant attitude of those elected during their five-year term.

Therefore, when a candidate or his agent comes to you, get him to sign a declaration so that some decency and honesty in public life could be introduced, suggests a voter's manifesto released yesterday by Sri D. R. Krishna Murthy, a prominent person of the progressive movement.

The novel covenant between the voter and the candidate, according to Sri Krishna Murthy is for creating a new group of "uncustomary non-opportunist and non-careerist legislators."

The candidate should declare in the declaration form his income tax assessment, his contribution to Bangla Desh Fund and list of hi and his relatives property.

He should also agree that he would not draw more than Rs. 500 inclusive of all allowances, if he is elected and urge for a Cabinet not exceeding 20 Ministers with a maximum salary of Rs. 1,500 per month, suggests Sri Krishna Murthy.

The declarant should also assure that he would not change his political affiliation and would urge for 10 per cent reduction in number of gazetted officials, levy of agricultural income-tax and appointment of only experts to head various public sector undertakings and not legislators or defeated candidates and politicians.

Lastly, according to Sri Krishna Murthy, the candidate should agree that if he commits breach of any of the covenants detailed in the declaration he would be liable himself for action in a court of law.

CITB ACQUIRING PALACE LANDS

Mysore, Feb. 17

The lands sold by the Palace authorities to some individuals were also included in the acquisition, he said.

The areas proposed to be acquired are: land in front of the Administration Training Centre and Sports Club, about 107 acres around Chamundi Vihar where a Trust Board layout would be made, 45 acres of Banni Mantap grounds for retaining as parade grounds, Lalitha Mahal area of about 600 acres to be retained for Nehru Loka or for a park, two bits of land opposite Palace Garage and land in front of the Palace moats on all the three sides.

Sri Kempe Gowda informed that the Trust Board had already acquired the Band stand Park at a cost of Rs.3 lakhs for "Gandhi Van" and the Madhuvana and the surrounding area. BIG WELCOME TO PRIME MINISTER

Mysore, Feb. 19

A rousing reception was given to Prime Minister Indira Gandhi when she arrived this morning on a brief electioneering visit to the city.

She arrived half an hour late, at 10-22 a.m. in a Navy helicopter. She was received by Municipal President K. N. Somasundaram, DCC President K. B. Ramaswamy, City Congress Committee President D. Jayadevaraj Urs.

MPCC President Devaraj Urs and Smt. Sarojini Mahishi, Union Minister, accompanied her.

People cheered Smt. Gandhi as she passed through the main roads. There were big crowds particularly at important circles. After addressing the public meeting, she took off at 11-40 a.m. to Mandya.

Tight security arrangements had been made by the police at all places.

Economic Programmes Delayed In State

Admits PM

Prime Minister Indira Gandhi conceded here today that many economic programmes, like the land reforms and other programmes, had been delayed in Mysore State, and assured that they would be taken up after the elections.

Addressing a mammoth public meeting at the Maharaja's College Sports Grounds, she said that the Government had thought of "doing something" even before the elections, but it felt it was not right to take them up just before or immediately after the elections.

"We are very conscious that without land reforms there cannot be justice in rural India. It is our endeavour to have economic progress with social justice", she said.

The Prime Minister emphasised that the greatest need now was to increase production both on farms and in factories. There was in India an opportunity for greater progress. India had made progress and the abject poverty that was so much visible before Independence was not to be seen now. Inspite of the progress, there were still many sections facing difficulties.

Ie order to make the country strong and to take it forward these economic disparities should be diminished and poverty banished. Assistance should be given to farmers with dry lands. Industries which were limited in the hands of a few should be diversified.

Meanwhile the harmful effects of industrialisation as seen in western countries should also be avoided, she said.

Stressing the need for having stable Governments in the States, Smt. Gandhi said "Just as it was important to have a strong Government in the Centre today if we want to implement our programmes it is equally important to have stableGovernments in the States which were in tune with the thinking and the policies fo the Central Government."

The Prime Minister also called upon the people to be ready for greater sacrifices and "self-denial" to avoid dependence on foreign countries.

MAKE KANNADA VARSITY LANGUAGE

Mysore, Feb. 19

A resolution urging for immediately making Kannada the official language of the Mysore University has been tabled before the Senate of the University by Sri T. V. Srinivasa Rao, a newly elected member.

Sri Rao has also demanded that all temporary teachers who have put in more than nine months' service should be treated as permanent teachers and their services should be continued.

Keep Pace With Changes, PM

Mysore, Feb. 19

Prime Minister Indira Gandhi laid the foundation stone for "Indira" the Congress office, at the site near the Railway Station, this morning. MPCC President Devaraj Urs presided.

In her brief address, Smt. Gandhi dedicating the Bhavan to the people of Mysore expressed the hope it would be also dedicated to the party ideals. "We have to bring in not only better economic standards of living and in general raise the thinking our people also" she told her partymen.

The world was passing through many changes and "we must be prepared to keep pace" with them. Warning against vested interests, she said they should not be allowed in the party.

City Congress Committee President D. Jayadevaraj Urs welcomed the gathering.
